

World-Class range of innovative solutions for personal care products

Barentz.

Always a better solution.

Acquired business of

Anshul Life Sciences

Partnering innovation, adding value.

| Trade Name | INCI/CTFA Name | Benefits/Applications | Dosage |
|---|---|--|-----------------|
| PRESERVATIVES | | | |
| Cosmocil CQ | Polyaminopropyl Biguanide | <ul style="list-style-type: none"> A broad spectrum, fast acting and strong antibacterial Clear, colorless, highly water-soluble Non-volatile & effective and stable over a broad pH range (3-10) | 0.2 to 1.5% |
| Geogard 111A & 111S | Dehydroacetic acid (Geogard 111A) Sodium Dehydroacetate (Geogard 111S) | <ul style="list-style-type: none"> Great fungicide, mild bactericide Wide range of global regulatory approval Chemically and physically stable | 0.1 to 0.6% |
| Geogard 221 | Dehydroacetic Acid & Benzyl Alcohol & Water | <ul style="list-style-type: none"> Provides broad spectrum efficacy and low cost in use. Compatible for various formulations, wide pH range, chemically and physically stable | 0.2 to 1.1% |
| Geogard Boost PGC | Propylene Glycol Caprylate | <ul style="list-style-type: none"> Enhanced efficacy spectrum and increased speed of kill compared to Phenoxyethanol alone | 0.3 to 1.6% |
| Geogard Boost PHC | Phenoxyethanol (and) Propylene Glycol Caprylate | <ul style="list-style-type: none"> Optimized microbial performance with reduced levels of Phenoxyethanol Enhanced efficacy spectrum and increased speed of kill compared to Phenoxyethanol | 0.3 to 1.6% |
| Geogard ECT | Benzyl Alcohol & Salicylic Acid & Glycerin & Sorbic Acid | <ul style="list-style-type: none"> Broad spectrum activity on bacteria, yeast, and molds Low odor profile; Ideal for fragrance-free and fragrance-sensitive systems | 0.6 to 1.0% |
| Geogard LSB | Levulinic Acid, Sorbic Acid, Benzoic Acid | <ul style="list-style-type: none"> Organic acid based natural preservative Clear, low color, odorless solution Broad-spectrum control | 0.4 to 1.0% |
| Geogard Ultra | Gluconolactone (and) Sodium Benzoate | <ul style="list-style-type: none"> Broad spectrum activity & added moisturization benefit Broad spectrum protection and ease of formulation | 0.75 to 2.0% |
| Glycacil L / Glycacil 2000 | Iodopropynyl Butylcarbamate | <ul style="list-style-type: none"> Highly effective fungicide, temperature stable Compatible with commonly used ingredients | 0.1 to 0.3% |
| Glydant | DMDM Hydantoin | <ul style="list-style-type: none"> Excellent antibacterial, mild antifungal, cost-effective & Compatible Formulation flexibility, Water-white/color stability, water solubility | 0.1 to 0.6% |
| Glydant Plus Granular | DMDM Hydantoin & Iodopropynyl Butylcarbamate (IPBC) | <ul style="list-style-type: none"> High level of antimicrobial activity in a variety of personal care formulations Stable for long time & wide pH and temperature ranges & Low dosage | 0.075 to 0.18 % |
| Glydant Plus Liquid | DMDM Hydantoin & Iodopropynyl Butylcarbamate | <ul style="list-style-type: none"> Liquid product, water soluble, Stable in sunlight and over a wide range of temperatures and pH & compatible with virtually all raw materials | 0.15 to 0.36% |
| Isocil PC | Methyl Chloroisothiazolinone (and) Methylisothiazolinone | <ul style="list-style-type: none"> Broad spectrum preservation, easy to use liquid product, compatible and soluble in most personal care raw materials | 0.05 to 0.1% |
| Mikrokill COS | Phenoxyethanol & Caprylyl Glycol & Chlorphenesin | <ul style="list-style-type: none"> Safe and highly effective antimicrobial, Stable in pH range: 3-8 Compatible in a wide range of skin care, hair care and sun care systems | 0.75 to 1.5% |
| NUGEN Benzethonium Chloride | Benzethonium Chloride | <ul style="list-style-type: none"> Reliable and trusted cationic antimicrobial preservative offering great efficacy & mildness | 0.1 to 0.5 % |
| TroyCare EPP 28/ TroyCare EPP 37 | Ethylhexylglycerin, Phenoxyethanol | <ul style="list-style-type: none"> Clear, multifunctional solution providing mild fragrance and emolliency Broad-spectrum protection | 0.5 to 0.9% |
| TroyCare FE 01 / TroyCare FE 02 | Iodopropynyl Butylcarbamate, Phenoxyethanol | <ul style="list-style-type: none"> Clear solution, broad-spectrum control for bactericidal & fungicidal protection. Readily soluble in aqueous systems at use levels | 0.4 to 1.0% |
| TroyCare PE73/ TroyCare PE 82 / TroyCare PE 91 | Phenoxyethanol Ethylhexylglycerin | <ul style="list-style-type: none"> Clear, broad-spectrum preservative optimized to protect leave-on products. Readily soluble in most systems at use levels | 0.5 to 0.9% |
| HOME CARE PRESERVATIVES | | | |
| Proxel® GXL | 1,2-Benzisothiazol-3[2H]-one (BIT) | <ul style="list-style-type: none"> Broad spectrum biocide protecting against bacteria, yeasts and fungi Effective in a wide range of industrial aqueous-based productsW | 0.05 to 0.20 % |
| BIOACTIVES | | | |
| Marula Oil | Sclerocarya Birrea Seed Oil | <ul style="list-style-type: none"> Improve skin hydration and smoothness | 1.0 to 10% |
| Metabiotics Resveratrol | Pichia/Resveratrol Ferment Extract | <ul style="list-style-type: none"> Provides Anti-aging and Skin brightening benefits, enhances skin tone | 1.0 to 5.0% |
| Niacinamide USP PC | Niacinamide | <ul style="list-style-type: none"> Reduces fine lines and wrinkles & brightens and rebalance uneven skin tone, helps to improve dry and oily scalp condition. | 1.0 to 5.0% |
| EMOLLIENT | | | |
| Natrulon H-6 Natrulon H-10 | Polyglycerin-6 Aqua Polyglycerin-10 Aqua | <ul style="list-style-type: none"> A new, naturally- derived multifunctional moisturizer/humaectant Highly water-soluble oligomer of Glycerol | 2 to 10 % |

| Trade Name | INCI/CTFA Name | Benefits/Applications | Dosage |
|---|---|---|---|
| BIOCIDAL ACTIVES | | | |
| Bardac® 208 M | Alkyl (C12-C16) dimethylbenzyl ammonium chloride Didecyl dimethyl ammonium chloride (C8C10 DDAC) | <ul style="list-style-type: none"> Provide superior biocidal action against a broad spectrum of microbial organisms Used in hard surface disinfectants, sanitizers | 1.0 to 5.0% |
| Bardac® 2240 | Didecyl dimethyl ammonium chloride (DDAC) | <ul style="list-style-type: none"> Broad spectrum activity & high tolerance to hard water Maintains efficacy in presence of heavy organic soiling | 1.0 to 5.0% |
| Bardac® 2280 | Didecyl dimethyl ammonium chloride (DDAC) | <ul style="list-style-type: none"> Good surfactant properties. High antimicrobial efficacy Stable over a wide range of pH levels | 1.0 to 5.0% |
| Barquat® MS100 | Alkyl (C12-C14) dimethylbenzyl ammonium chloride | <ul style="list-style-type: none"> Offers good surfactant properties High antimicrobial efficacy is maintained across a broad pH-range | 1.0 to 5.0% |
| Lbac™ 12.30 / Lbac™ 12.100 | N-(3-aminopropyl)-N-dodecylpropane-1,3-diamine (Diamine) | <ul style="list-style-type: none"> Broad spectrum activity Maintains its high efficacy in the presence of heavy organic soiling while also having good surfactant properties | 1.0 to 5.0% |
| Vantocil® IB | Polyhexamethylene Biguanide Hydrochloride (1600;1.8) | <ul style="list-style-type: none"> Broad spectrum, fast acting bactericide for the formulation of disinfectants and sanitizers | 0.1 to 0.2% |
| EMULSIFIERS / RHEOLOGY MODIFIERS | | | |
| Geomulse C15 RSPO MB Geomulse P11 RSPO MB Pastille | Polyglyceryl-10 Caprylate/Caprate Polyglyceryl-10 Dipalmitate | <ul style="list-style-type: none"> An ester emulsifier derived from 100% plant-origin raw materials Non-ionic emulsifiers Superior product aesthetics with great long-term stability Provides long-lasting moisturization to skin | 1 to 3 % |
| Geomulse O3 RSPO MB Geomulse L15 RSPO MB Geomulse S10 RSPO MB Pastille | Polyglyceryl-10 Decaoleate Polyglyceryl-10 Laurate Polyglyceryl-10 Stearate | | |
| Geomulse S8 RSPO MB Pastille | Polyglyceryl-6 Distearate | | |
| Geomulse O13 RSPO MB | Polyglyceryl-10 Oleate | <ul style="list-style-type: none"> Cold-processable and compatible with other surfactants and emollients Multi-functional emulsifier with long-lasting moisturization benefits | 1 to 6% |
| Geomulse S10 RSPO MB Pastille | Polyglyceryl-10 Stearate | <ul style="list-style-type: none"> Provides balanced amphiphilicity represented by a HLB value of 10 Possesses intrinsic rheology-building properties | 1 to 5 % |
| Glycosperse O20 KFG/ Glycosperse S 20 KFG/ Glycosperse L 20 KFG / | Polysorbate 80 / Polysorbate 60 Polysorbate 20 | <ul style="list-style-type: none"> Modify viscosity, improve surfactant slip & enhance foam | 1 to 5 % |
| Glycolube MSA | Glyceryl stearate and PEG-100 stearate | <ul style="list-style-type: none"> Provides great rheology and pleasing product aesthetics Can be utilized in a wide pH range | 1 to 5 % |
| AESTHETIC MODIFIER | | | |
| LaraCare A200 | Galactoarabinan | <ul style="list-style-type: none"> Helps improve formulation uniformity & reduces Transepidermal Water Loss | 1.0 to 5.0% |
| ViscUp 160 | Mineral Oil and Hydrogenated Styrene/ Butadiene Copolymer | <ul style="list-style-type: none"> A gelling agent, to boost the viscosity of mineral oil, also work as Film-former and Shine enhancer | 5 to 50% |
| ANTI-DANDRUFF ACTIVE | | | |
| PO | Piroctone Olamine | <ul style="list-style-type: none"> Relieves itching sensation, targets the dandruff-associated yeast Compatible with transparent formulation | Rinse-off products – 1.0% max Leave-in Products- 0.3% max |
| Zinc Omadine | Zinc Pyrithione | <ul style="list-style-type: none"> Offers bactericide-fungicide efficacy, relieves flaking symptoms of dandruff Enhances substantivity to the skin and hair | Rinse-off Products 0.30 – 2.0% Leave-in Products 0.1 – 0.25% |
| HAIR CONDITIONERS | | | |
| Carsoquat CT 429 | Cetrimonium Chloride | <ul style="list-style-type: none"> Compatible with inorganic detergent builders, organic chelates, nonionic surfactants and polar solvents | 0.5 to 2% |

| ANTI-AGEING / ANTI - WRINKLE | | | |
| Alpine Rose Active/ AlpRose O  | W: Rhododendron Ferrugineum Extract (and) Glycerin (and) Aqua / Water O: Rhododendron Ferrugineum Extract (and) Caprylic / Capric Triglyceride | <ul style="list-style-type: none"> Purified extract of organic alpine rose leaves Protects against damage, reinforces its defense against pathogens. | 1 to 3% |
| Ameliox™ / Ameliox oA | W: Lecithin (and) Carnosine (and) Tocopherol (and) Silybum Marianum Fruit Extract (and) Glycerin (and) Alcohol (and) Aqua / Water oA: Lecithin (and) Carnosine (and) Tocopherol (and) Silybum Marianum Fruit Extract (and) Glycerin (and) Phenoxyethanol (and) Aqua / Water. | <ul style="list-style-type: none"> Liposomal preparation to maintains skin elasticity, reduce skin firmness, protects skin cells from oxidative aging. | 1 to 5% |
| CollPerfect™ P6 | Collagen Amino Acids (and) Lecithin (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> Promotes procollagen I production Boosts hyaluronic acid release Protects the dermal collagen fibers from aging Tightens facial contours Increases skin elasticity and density Protects the dermal collagen fibers from aging | 2% |
| Densorphin™  | Vitex Agnus Castus Extract / Vitex Agnus-Castus Fruit Extract (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> Increases skin density & visibly fades away wrinkle Restores skin's elasticity and builds cushion into thin skin. | 2% |
| GlowAGE™  | Ziziphus Spina-Christi Leaf Extract (and) Trehalose (and) Aqua / Water | <ul style="list-style-type: none"> Prevents and reverses glycation and reduces wrinkles Decreases yellow skin tone and smoothes the skin | 2% |
| Happybelle-PE | Lecithin (and) Vitex Agnus Castus Extract (and) Glycerin (and) Ascorbyl Tetraispalmitate (and) Tocopherol (and) Olus Oil/Vegetable Oil (and) Cyclodextrin (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> Based on Monk's Pepper known for its mood-enhancing activity Powerful antioxidants and moisturizing factors that fight against anti-aging, hydrates and protects | 1 to 2 % |
| IceAwake™ | Succinic Acid (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> Improving chaperone expression in aged fibroblasts Increase in ATP production in a cellular sleep deprivation model | 1 to 2% |
| Lipobelle™ Soyaglycone | Lecithin (and) Soy Isoflavones (and) Polysorbate 80 (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> Delivers a visible lift & reduces lines and wrinkles Re-densifies and firms the skin. | 1 to 5% |
| MossCellTec™ No. 1  | Physcomitrella patens moss/ Phytol (and) Isomalt (and) Aqua / Water | <ul style="list-style-type: none"> Improves the expression of protein markers & enables skin to adapt to environmental changes by improves skin moisture | 2 to 3 % |
| Nano-Lipobelle H-AECL | Lecithin (and) Borago Officinalis seed oil (and) Caprylic /Capric Triglyceride (and) Retinyl Palmitate (and) Tocopheryl Acetate (Ascorbyl Palmitate (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> Combination of defined vitamins and polyunsaturated fatty acids Effectively counteracts signs of skin aging | 1 to 3% |
| NanoCacao O | Theobroma Cacao Extract / Theobroma Cacao (Cocoa) Extract (and) Tocopherol (and) Caprylic / Capric Triglyceride | <ul style="list-style-type: none"> De-stresses and relaxes the skin and reduces skin tension. Smoothes the micro-relief. | 3 to 5% |
| Nano-Lipobelle™ DN CoQ10 oA | Lecithin (and) Ubiquinone (and) Ascorbyl Tetraispalmitate (and) Tocopherol (and) Olus Oil/Vegetable Oil (and) Glycerin (and) Aqua/Water (and) Sodium Benzoate | <ul style="list-style-type: none"> A translucent nano-emulsion of well characterized very small nanoparticles Protects against photo aging & reduces wrinkles | 1 to 5% |
| NanoMax | Lecithin (and) Ascorbyl Tetraispalmitate (and) Caprylic/Capric Triglyceride (and) Tocopheryl Acetate (and) Tocopherol (and) Ubiquinone (and) Diisopropyl Adipate (and) Glycerin (and) Alcohol (and) Aqua | <ul style="list-style-type: none"> Smooths and restores firmness, preserves elasticity, protects against photo aging, Protects against free radicles from polluted air | 1 to 5% |
| NanoVit oA  | Lecithin (and) Hippophae Rhamnoides Oil (and) Tocopherol (and) Glycerin (and) Sodium Benzoate (and) Aqua / Water | <ul style="list-style-type: none"> Regenerates the skin and protects against UV damage Antioxidant activity | 1 to 5 % |
| NovoRetin™/NovoRetin O  | W: Pistacia Lentiscus Gum / Pistacia Lentiscus (Mastic) Gum (and) Lecithin (and) Pentylene Glycol (and) Glyceryl Caprylate / Caprate (and) Caprylic / Capric Triglyceride (and) Aqua / Water O: Pistacia Lentiscus Gum / Pistacia Lentiscus (Mastic) Gum (and) Caprylic / Capric Triglyceride | <ul style="list-style-type: none"> Boosts naturally occurring Retinoic Acid in skin Visibly refines pores and blemishes Improves skin elasticity and density | 2.0 to 3.0 % |

| Trade Name | INCI/CTFA Name | Benefits/Applications | Dosage |
|--|---|--|-------------|
| ANTI-AGEING / ANTI - WRINKLE | | | |
| Perfection Peptide P3 | Hexanoyl Dipeptide-3 Norleucine Acetate (and) Lecithin (and) Glycerin (and) Phenoxyethanol (and) Aqua / Water | <ul style="list-style-type: none"> Speeds up cell renewal for a fresher and more vibrant skin Smooths the skin micro-relief and hydrates the skin intensely | 0.5 to 3% |
| Perfection Peptide P7 | Acetyl sh-Heptapeptide-1 (and) Hydrogenated Lecithin (and) Glycerin (and) Butyrospermum Parkii (Shea) Butter (and) Phenethyl Alcohol (and) Ethylhexylglycerin (and) Aqua / Water | <ul style="list-style-type: none"> Stimulates the skin's own self-defense mechanisms against oxidative stress Fights both environmental and chronological aging | 2 to 3% |
| PhytoCellTec™ Nunatak  | Saponaria Pumila Callus Culture Extract (and) Isomalt (and) Lecithin (and) Aqua / Water | <ul style="list-style-type: none"> Protects and vitalizes dermal stem cells, re-densifies the skin Fortifies skin's self-defense activities Enhances the smooth appearance of the skin, even when it is exposed to the sun | 0.4 to 1% |
| PhytoCellTec™ Alp Rose  | Rhododendron Ferrugineum Extract (and) Isomalt (and) Lecithin (and) Sodium Benzoate (and) Lactic Acid (and) Aqua / Water | <ul style="list-style-type: none"> Helps to increase skin stem cell vitality & boosts epidermal regeneration Improves the skin barrier function and helps the skin to cope with climate | 0.4 to 1% |
| PhytoCellTec™ Goji  | Lycium Barbarum Callus Culture Extract (and) Isomalt (and) Lecithin (and) Aqua / Water | <ul style="list-style-type: none"> Stimulates exosome signaling & increased collagen Improves skin density and tightens facial contours | 0.4 to 1 % |
| PhytoCellTec™ Exosomes | Lycium Barbarum Callus Culture Extract (and) Isomalt (and) Lecithin (and) Aqua / Water | <ul style="list-style-type: none"> Doubles the exosomal power Increases collagen and elastin expression Improves skin density Minimizes fine wrinkles and deeper lines Tightens facial contours and minimizes fine wrinkles and deeper lines. | 0.4 to 1 % |
| PhytoCellTec™ Malus Domestica  | Malus Domestica Fruit Cell Culture Extract (and) Xanthan Gum (and) Glycerin (and) Lecithin (and) Phenoxyethanol (and) Aqua / Water | <ul style="list-style-type: none"> Based on the stem cells of a rare Swiss apple to protect longevity of skin stem cells & combats | 2 to 5% |
| PhytoCellTec™ Symphytum  | Symphytum Officinale Callus Culture Extract (and) Isomalt (and) Lecithin (and) Sodium Benzoate (and) Aqua / Water | <ul style="list-style-type: none"> Recharges youthfulness of skin stem cells, rejuvenates the skin Maintains the regenerative capacity to reveal a fresher, smoother skin | 0.4 to 1% |
| PhytoSpherix™ / PhytoSpherix™ L 105  | PhytoSpherix™ : Glycogen/ PhytoSpherix™ L 105: Aqua and Pentylene Glyco and Glycogen | <ul style="list-style-type: none"> Energizes skin cells Promotes collagen and hyaluronic acid production Reduces wrinkles and fine lines Improves skin hydration | 0.1 to 0.3% |
| PolyFructol Plus  | Inulin (and) Glycerin (and) Phenoxyethanol (and) Lecithin (and) Xanthan Gum (and) Aqua/Water | <ul style="list-style-type: none"> Rehydrates dry skin even & enhances skin elasticity and firmness Preserves the health of the skin by balancing the skin's microbiota | 0.1 to 5 % |
| RejuveNAD  | Helianthus Annuus (Sunflower) Sprout Extract (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> Densifying skin concentrates Facial reshaping fluids Skin energy boosters | 2% |
| RoyalEpigen P5 | Pentapeptide-48 (and) Hydrogenated Lecithin (and) Glycerin (and) Butyrospermum Parkii(Shea) Butter (and) Phenethyl Alcohol (and) Ethylhexylglycerin (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> Reveals a more even toned skin Accelerates epidermal regeneration and activates the cellular cleaning process Delays cell aging by applying new discoveries in epigenetic sciences | 2 to 3% |
| Snow Algae Powder  | Coenochloris Signiensis Extract (and) Maltodextrin (and) Lecithin (and) Aqua / Water | <ul style="list-style-type: none"> Protects and activates longevity factors in skin cells Rejuvenates and protects skin at cellular level, smoothens skin | 2 to 3% |
| Vin-upLift  | Wine (and) Casalpinia Spinosa Gum (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> A unique tightening ingredient based on Swiss ice wine visibly erasing wrinkles within minutes & hydrating skin for smooth and cushioned feel | 0.5 to 2% |
| ANTI-CELLULITE / SLIMMING / ANTI-STRECH MARK / ANTIPOLLUTION | | | |
| Depolluphane | Lepidium Sativum Sprout Extract (and) Pullulan (and) Sodium Carboxymethyl Betaglukan (and) Caesalpinia Spinosa Gum (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> Protects against urban pollution & activates the detoxification system Shields skin against particulate matter Fortifies skin's own defense mechanism | 1 to 2% |
| Depolluphane EpiPlus | Lepidium sativum sprout extract (and) Cynara Scolymus (Artichoke) Leaf Extract (and) Pullulan (and) Sodium Carboxymethyl Betaglukan (and) Caesalpinia Spinosa Gum (and) Maltodextrin (and) Aqua / Water | <ul style="list-style-type: none"> Prevents skin from epigenetic changes. Shields skin against particulate matter. Activates the skin's detoxification system | 1 to 2 % |
| DermCom | Crocus Chrysanthus Bulb Extract (and) Acacia Senegal Gum (and) Aqua / Water | <ul style="list-style-type: none"> Boosts collagen and elastin production, renews skin resilience Rejuvenates skin texture & reverses aging processes | 0.4 to 2% |
| Iso-SlimComplex | Spirulina Platensis Extract (and) Soy Isoflavones (and) Caffeine (and) Carnitine (and) Polysorbate 80 (and) Phenoxyethanol (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> Inhibits the formation of new adipocytes & promotes the fat breakdown & improves skin firmness and smoothness Visibly reduces cellulite (degree of cellulite: -37%) | 1 to 5% |

| Trade Name | INCI/CTFA Name | Benefits/Applications | Dosage |
|---|---|---|-------------|
| ANTI-CELLULITE / SLIMMING / ANTI-STRECH MARK / ANTIPOLLUTION | | | |
| PhytoCellTec™ Argan  | Argania Spino Callus Culture Extract (and) Isomalt (and) Lecithin (and) Sodium Benzoate (and) Aqua / Water | <ul style="list-style-type: none"> Rejuvenates the skin & reduces wrinkles, tightens and tones skin tissue, increasing skin firmness Can be applied in advanced "stem cell cosmetic" formulas | 0.4 to 1% |
| ShapePerfection | Brassica Alba Sprout Extract (and) Capsaicin (and) Caprylic / Capric Triglyceride | <ul style="list-style-type: none"> Visibly reduces the appearance of cellulite Effectively shapes body contours and reveals a slimmer silhouette | 1 to 2% |
| FUNCTIONAL SPECIALITIES | | | |
| Femitim | Vitex Agnus Castus Extract (and) Alcohol (and) Glycerin (and) Aqua / Water | <ul style="list-style-type: none"> Eases skin problem caused by hormone fluctuations. Improves the moisture balance & skin texture, eases irritations and itching | 0.5 to 3% |
| HAIR CARE ACTIVE | | | |
| AnaGain™  | Pisum Sativum (Pea) Sprout Extract (and) Phenoxyethanol (and) Sodium Benzoate (and) Water (Aqua) | <ul style="list-style-type: none"> Reduces hair loss, stimulates hair growth at the root Prolongs the life cycle of hair | 2 to 4% |
| GSP-T | Vitis Vinifera (Grape) Seed Extract (and) PEG-40 Hydrogenated Castor Oil (and) Tocopherol (and) Glycerin (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> Shields hair against daily stress factors Locks in color, resists fading, prevents damage due to heat-styling Helps to rebalance the scalp | 0.5 to 2.5% |
| KeraGuard  | KeraGuard (standard version): Caesalpinia Spinosa Fruit Extract (and) Propylene Glycol (and) Helianthus Annuus (Sunflower) Sprout Extract (and) Sodium Benzoate (and) Phenoxyethanol (and) Aqua / Water | <ul style="list-style-type: none"> Protects hair against heat and UV stress Repairs chemically treated hair and prevents the color fading of hair Restores the resilience of hair | 0.5 to 2 % |
| MelanoGray™ | Citrus Reticulata Extract/ Citrus Reticulata (Tangerine) Extract (and) Acetyl Tyrosine (and) Pentylene Glycol (and) Gluconolactane (and) Sodium Benzoate (and) Aqua / water | <ul style="list-style-type: none"> Reduces gray hair ratio by 21.6 % Long-lasting repigmentation effect (> 1 month) Stimulates melanin synthesis | 1 to 2% |
| Nano Lipobelle UV-A/B | Lecithin (and) Isoamyl p-Methoxycinnamate (and) Butyl Methoxydibenzoylmethane (and) Oleyl Oleate (and) Tocopheryl Acetate (and) Stearamine (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> It is a cationic nano emulsions have a very high affinity to the surface of hair Deposits lipophilic agents on the hair surface in form of a thin film around each hair which act as penetration enhancers and moisturizers | 0.5 to 4% |
| RootBioTec™ HO/ RootBioTec™ HW  | O: Ocimum Basilicum Hairy Root Culture Extract (and) Helianthus Annuus (Sunflower) Seed Oil (and) Cocos Nucifera (Coconut) Oil W: Ocimum Basilicum Hairy Root Culture Extract (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> It is an extract from a hairy root culture from basil to treat hair loss Reduce hair loss by inhibiting 5α reductase activity and by stimulating dermal papilla cells Rejuvenates the scalp and provides fuller hair feel | 1 to 3% |
| SantEnergy™  | Bioflavonoids (and) Pentylene Glycol (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> Energizes hair follicles to protect hair follicles from oxidative stress Delays aging of hair follicles & increases both hair growth and hair density | 1 to 2% |
| PinoPlex™ | Pinus Sylvestris Cone Extract (and) Glycerin (and) Sodium Benzoate (and) Aqua / Water | <ul style="list-style-type: none"> Split -end menders. Leave-in conditioning repair moisture. Strengthen & restores moistures mask. Soothing mist for hair shine. | 1% |
| MOISTURIZERS/ EMOLLIENTS | | | |
| AquaCacteen™ / AquaCacteen™ O  | W: Opuntia Ficus-Indica Stem Extract (and) Glycerin (and) Aqua / Water O: Opuntia Ficus-Indica Stem Extract (and) Caprylic / Capric Triglyceride | <ul style="list-style-type: none"> Ultra-refined elixir from organic cactus (Opuntia ficus-indica) Hydrates, soothes and calms irritated skin Protects and firms skin | 0.5 to 2% |
| LIPerfection/ LIPerfection O | W: Brassica Alba Sprout Extract (and) Sodium Benzoate (and) Aqua / Water O: Brassica Alba Sprout Extract (and) Caprylic / Capric Triglyceride | <ul style="list-style-type: none"> It is a purified extract of organic mustard sprouts which increases the volume and the hydration of the lips & reduces appearance of fine lines Adds natural definition to the lips, enhancing their shape and color | 2 to 5%, |
| Lipobelle™ Glacier  | Lecithin (and) Alcohol (and) Aqua / Water | <ul style="list-style-type: none"> 24 h refreshing hydration, protect the skin cells on hot days Provided in-depth comfort for dry skin | 1 to 5% |
| MossCellTec™ Aloe  | Xylitol (and) Caprylic Glycol (and) Ketoglutaric Acid (and) Aqua / Water | <ul style="list-style-type: none"> An unequaled aloe-moss extract, which improves hydration Activates cell-to-cell communication to fades away signs of aging | 2% |
| SLVR'Coffee™  | Coffea Arabica Seed Extract (and) Butyrospermum Parkii Butter (and) Tocopherol | <ul style="list-style-type: none"> A biomimetic concept for skin hydration enveloping the skin with a protective shell | 1 to 3 % |

| Trade Name | INCI/CTFA Name | Benefits/Applications | Dosage |
